1. Introduction and Scope

This Delivery and Shipping Policy explains how Gentech delivers orders across Bangladesh, what it costs, how long it takes, what happens when a delivery fails, and what to do if a parcel arrives damaged or does not arrive. It also covers store pickup. Gentech is an online marketplace and shop selling PC components, laptops and accessories; orders are packed at the Gentech store in Dhaka and delivered by Gentech's courier partners.

1.1 Related policies

- **Warranty and Service Policy** - defective, wrong and damaged products, returns and replacements.
- **Payment, Cancellation and Refunds Policy** - COD rules, cancellations and refund timelines.

1.2 Key terms

Term	Meaning
Business day	Saturday to Thursday, excluding public holidays.
Order cut-off time	2:00 PM. Orders confirmed before 2:00 PM on a business day are dispatched the same day when the item is in stock.
Handling time	Time from order confirmation to dispatch; normally 1 business day for in-stock items.
Delivery window	Time from dispatch to delivery, which depends on the delivery zone.
Delivery attempt	Each time the courier tries to hand over the parcel; up to 3 attempts are made.
Delivery code (OTP)	A one-time code sent by SMS for orders of BDT 30,000 or more, given to the courier when accepting the parcel.
Heavy or large parcel	A parcel over 10 kg or oversized: for example full tower cases, large monitors and large UPS units.

2. Delivery Areas and Coverage

Gentech delivers to all 64 districts of Bangladesh by courier partners. Delivery is not available outside Bangladesh. Delivery zones determine the fee and the estimated time.

Zone	Areas	Coverage notes
Zone 1: Dhaka city	Dhaka North and South City Corporation areas.	Home, office and business addresses; express and same-day delivery available.
Zone 2: Greater Dhaka	Gazipur, Narayanganj, Savar, Keraniganj, Tongi, Narsingdi and nearby areas.	Standard courier delivery.
Zone 3: Divisional cities	Chattogram, Sylhet, Rajshahi, Khulna, Barishal, Rangpur and Mymensingh city areas.	Courier delivery to the city centre and main areas.
Zone 4: Other districts and upazilas	All other district towns and upazila areas.	May need a courier pickup point in some upazilas.
Remote areas	Hill tracts, islands, char and other hard-to-reach areas.	Delivery on request after confirmation; extra time and fee; COD not available.

Not sure whether your area is covered? Enter your address at checkout. If it is not serviceable, the system tells you before payment. You can also ask support.

3. Delivery Fees

3.1 Standard delivery fees

Zone	Standard fee (BDT)	Estimated delivery time after dispatch
Zone 1: Dhaka city	60	Same day if confirmed before 2:00 PM; otherwise next business day
Zone 2: Greater Dhaka	100	1 to 2 business days
Zone 3: Divisional cities	120	2 to 3 business days
Zone 4: Other districts and upazilas	150	3 to 5 business days
Remote areas	200 or more (quoted)	5 to 7 business days

3.2 Free delivery

- Orders of BDT 20,000 or more: free standard delivery in Zone 1 and Zone 2.
- Orders of BDT 50,000 or more: free standard delivery nationwide, except remote areas.
- Free delivery is based on the order total after discounts and before delivery fees.
- Free delivery waives the heavy parcel surcharge.

3.3 Surcharges and options

Option	Fee (BDT)	Details
Heavy or large parcel surcharge	100 in Dhaka (Zone 1 and 2); 200 elsewhere	Applies to parcels over 10 kg or oversized, such as full tower cases, large monitors and large UPS units, when delivery is not free.
Express delivery (Zone 1 only)	150 extra	Delivered within 4 hours for orders confirmed before 5:00 PM on a business day.
Store pickup	Free	Collect from the Gentech store (see Section 8).
Re-delivery after failed attempts	Standard fee for the zone	See Section 6.

3.4 Estimated total delivery time

Total time = handling time (normally 1 business day) + delivery window by zone. Example: an in-stock graphics card ordered at 11:00 AM on a business day and delivered to Zone 3 is dispatched the same day and arrives in about 2 to 3 business days. Pre-order or out-of-stock items follow the lead time shown on the product page.

4. Order Processing and Dispatch

- Orders are confirmed by SMS or call after payment (or COD verification).
- In-stock orders confirmed before 2:00 PM on a business day are dispatched the same day; later orders are dispatched the next business day.
- Orders placed on Friday or public holidays are processed on the next business day.
- You receive an SMS and email with the courier name and tracking ID when the parcel is dispatched. Track it from My Orders.
- Orders with items from different warehouses or with pre-order items may be split into multiple parcels. Delivery fees are not charged twice for a split shipment.

- During Eid holidays, flood, strikes (hartal) or severe weather, delivery may be delayed by several days. Gentech will keep you informed.

4.1 Packaging

- Components such as processors, RAM, motherboards, SSDs and graphics cards are shipped in antistatic bags and protective boxes.
- Graphics cards, monitors and laptops are double-boxed with extra cushioning and fragile labels.
- Parcels carry a Gentech label and a tamper-evident seal. Do not accept a parcel with a broken seal.
- Laptops and UPS units contain batteries; remote-area delivery may take longer because of transport rules.

5. Delivery Instructions

5.1 Before delivery

- Provide a complete address with house or building number, road, area, landmark, district and a working mobile number. Incomplete addresses cause delays.
- Keep your phone on; the courier calls before arriving.
- For orders of BDT 30,000 or more, keep the delivery code (OTP) SMS ready.
- Delivery to offices, shops and hotels is supported; PO boxes are not.

5.2 When the parcel arrives

1. Check that the outer box is intact, sealed and not wet, crushed or torn.
2. If the box is damaged, refuse the parcel or write "damaged" on the courier receipt and take photos before signing.
3. For orders of BDT 30,000 or more, you may open the box in front of the delivery agent to check that the product is the one you ordered and is not visibly damaged. Do not power on or install the product at the door.
4. Pay the amount due for COD orders, give the OTP if required, and sign the receipt.
5. Record an unboxing video when you open the parcel at home. Keep it for 7 days; it is the best evidence for damage or wrong-item claims.

5.3 Someone else receiving your parcel

A family member, colleague or security staff can receive the parcel if they can give the courier your name, Order ID or phone number and, for orders requiring OTP, the delivery code. Gentech is not responsible for items signed for by a person you authorised.

5.4 Changing address or phone number

- Before dispatch: free of charge by contacting support or from My Orders.
- After dispatch: contact support immediately; the courier may redirect the parcel within the same zone, which may involve a fee and a delay. Changes to a different zone are not possible after dispatch.

6. Failed Delivery and Rescheduling

6.1 What happens if I am not home when my order arrives?

1. The courier calls you and attempts delivery. If you are unavailable, they try again.

2. Up to 3 delivery attempts are made, normally on consecutive days.
3. You can ask the courier or Gentech support to reschedule to another day or time, or to deliver to another address in the same zone. Two free reschedules are allowed per order.
4. You may also nominate someone else to receive the parcel (Section 5.3).
5. If all 3 attempts fail or the customer cannot be reached, the parcel is returned to Gentech.

6.2 After a failed delivery

Order type	What happens
COD order	The order is cancelled. A new order can be placed. After repeated failed COD deliveries, the account may need prepayment for future orders.
Prepaid order	The parcel is returned to Gentech. You can choose (a) re-delivery by paying the standard delivery fee again or (b) a refund of the product price minus outbound and return delivery fees (see the Payment, Cancellation and Refunds Policy).
Pickup order not collected	Held for 5 days, then cancelled and refunded for prepaid orders.

6.3 Reasons for failed delivery

- Customer unavailable, phone unreachable or phone switched off.
- Incorrect or incomplete address.
- Customer refuses to accept without a valid reason.
- OTP not provided for orders requiring it.
- Area not accessible because of weather, flooding or security situation.

7. Damaged, Missing or Wrong Parcels

7.1 Damaged parcel

1. Do not accept a visibly damaged parcel. If you do, note the damage on the courier receipt and take photos of the box and label.
2. Report within 48 hours of delivery by phone, email or the Help form in My Orders. Share photos of the box, label and product and, if available, the unboxing video.
3. Gentech arranges a free pickup, inspects the product, and sends a replacement or issues a full refund at your choice (replacement subject to stock).
4. Gentech handles the courier claim; you pay nothing.

7.2 Parcel shows delivered but not received

- Check with household members, neighbours and security staff.
- Report within 48 hours. Gentech investigates with the courier within 5 business days.
- If the parcel is confirmed lost, Gentech reships the order or refunds in full, at your choice.

7.3 Wrong or missing items

If an item is wrong or an accessory is missing, report within 48 hours with photos of the label and contents. Gentech sends the correct item or the missing accessory, or issues a refund. See the Warranty and Service Policy for conditions.

7.4 Parcel delayed

If your parcel has not arrived by the end of the estimated delivery window, check tracking and contact support. Gentech follows up with the courier within 1 business day and updates you. Delays caused by public holidays, strikes, floods or similar events are outside Gentech's control.

8. Store Pickup

Item	Details
Where	Gentech Store, Dhaka (address shown on the Contact page and in your confirmation SMS).
Hours	Saturday to Thursday, 10:00 to 20:00; closed on Fridays and public holidays.
Ready time	In-stock items are usually ready within 2 hours of confirmation during store hours. You receive an SMS when ready.
What to bring	Order ID (or the confirmation SMS) and a valid photo ID (NID, passport or driving licence). Pay at the counter for pickup orders.
Authorised person	Someone else can collect with a signed authorisation letter, a copy of the customer's ID and their own ID.
Holding period	Orders are held for 5 days. After that, the order is cancelled and prepaid amounts are refunded.
Check on collection	Check the product and its serial number against the invoice before leaving the counter.
Fee	Free

9. Delivery Policy for Specific Products

Product type	Delivery note
Graphics cards, motherboards, CPUs, RAM, SSDs	Antistatic bag and protective box; keep original packaging for returns in the first 7 days.
Monitors	Double-boxed. Inspect the box corners and open in front of the agent if the order is BDT 30,000 or more. Panel damage must be reported within 48 hours.
Laptops	Dispatched with tamper-evident seal. Contains a battery; remote-area delivery may take longer. OTP required for orders of BDT 30,000 or more.
Casings (PC cases)	Often a heavy or large parcel; the heavy parcel surcharge applies unless delivery is free. Report any broken glass panel within 48 hours.
UPS	Heavy parcel; batteries inside. Heavy parcel surcharge applies unless delivery is free.
Power supplies, keyboards, mice	Standard parcel.

10. Contact

Channel	Details
Hotline	+880 1700-000000 (Saturday to Thursday, 10:00 to 20:00 BST)
Email	support@gentech.example
Website and app	My Orders > Track Order or Help (24/7)

11. Frequently Asked Questions

Fees and delivery times

Q: How much is delivery?

A: BDT 60 in Dhaka city, BDT 100 in Greater Dhaka, BDT 120 to divisional cities, BDT 150 to other districts and upazilas, and BDT 200 or more to remote areas.

Q: How long does delivery take?

A: Dhaka city: same day if confirmed before 2:00 PM, otherwise next business day. Greater Dhaka 1 to 2 business days, divisional cities 2 to 3, other districts 3 to 5, remote areas 5 to 7. Add about 1 business day handling time for orders confirmed after 2:00 PM.

Q: Is delivery free?

A: Orders of BDT 20,000 or more get free standard delivery in Dhaka city and Greater Dhaka. Orders of BDT 50,000 or more get free standard delivery nationwide except remote areas.

Q: Is there an extra fee for big items like a full tower case or a large UPS?

A: Yes, a heavy parcel surcharge of BDT 100 in Dhaka or BDT 200 elsewhere applies to parcels over 10 kg, unless your order qualifies for free delivery.

Q: Do you offer same-day or express delivery?

A: Yes, in Dhaka city. Standard delivery is same-day for orders confirmed before 2:00 PM. Express (within 4 hours) costs BDT 150 extra for orders confirmed before 5:00 PM.

Q: Do you deliver outside Bangladesh?

A: No. Gentech delivers only within Bangladesh.

Q: Do you deliver on Fridays and holidays?

A: Dispatch is on business days (Saturday to Thursday). Orders on Friday or holidays are processed the next business day. Courier delivery on Fridays is limited.

Q: Can I get free delivery on a small order by adding an item?

A: Yes, free delivery is based on the order total after discounts and before delivery fees.

Q: How do I track my order?

A: Use the tracking ID in your SMS or email, or open My Orders > Track Order.

Failed deliveries and rescheduling

Q: What happens if I'm not home when my order arrives?

A: The courier calls you and tries again. Up to 3 attempts are made. You can reschedule (2 free times) or ask someone else to receive it. If all attempts fail, the parcel returns to Gentech: COD orders are cancelled, and prepaid orders can be re-delivered for a new delivery fee or refunded minus delivery fees.

Q: Can I reschedule my delivery?

A: Yes. Ask the courier or Gentech support. Two free reschedules per order, each in the same zone.

Q: Can someone else receive my parcel?

A: Yes, with your name, Order ID or phone number and the OTP if required.

Q: Can I change my delivery address after ordering?

A: Free before dispatch. After dispatch, only within the same zone and subject to courier approval, possibly with a fee.

Q: What if my phone is off or unreachable?

A: The courier will attempt up to 3 times. After that the parcel is returned. Keep your phone reachable.

Q: Can I refuse the parcel at the door?

A: Yes if it is damaged, wrong or not what you ordered. Refusing without a valid reason can lead to delivery fees being deducted from refunds and prepayment on future orders.

Q: What is the delivery code (OTP)?

A: For orders of BDT 30,000 or more, an SMS code that you give to the courier when you accept the parcel.

Q: Can I pick up my order myself?

A: Yes, free store pickup at the Gentech store in Dhaka, usually ready within 2 hours. Bring your Order ID and photo ID.

Q: How long will Gentech hold my pickup order?

A: 5 days. After that it is cancelled and prepaid amounts are refunded.

Damaged, lost and wrong parcels

Q: My parcel arrived damaged. What should I do?

A: Refuse it or note the damage on the receipt, take photos, and report within 48 hours with photos and an unboxing video. Gentech arranges free pickup and a replacement or refund.

Q: The tracking says delivered, but I did not receive it.

A: Check with household members and neighbours, then report within 48 hours. Gentech investigates with the courier within 5 business days and reships or refunds.

Q: I received the wrong item.

A: Report within 48 hours with photos. Gentech sends the correct item or refunds you, and collects the wrong one at no cost.

Q: Can I open the box before accepting?

A: For orders of BDT 30,000 or more you can open it in front of the delivery agent to check the product. Do not power on or install the product at the door.

Q: My graphics card arrived and does not work. Is delivery a factor?

A: If it is visibly damaged from shipping, report within 48 hours. If it does not work, report it as DOA within 7 days under the Warranty and Service Policy; Gentech pays shipping both ways.

Q: Who pays for return shipping on a damaged parcel?

A: Gentech. You pay nothing.

Q: My parcel is late.

A: Check tracking, then contact support. Gentech follows up with the courier within 1 business day. Delays around Eid, strikes and floods are beyond Gentech's control.

Q: Do you deliver to remote areas?

A: Yes, on request after confirmation, with a longer delivery time and a higher fee. COD is not available there.

Q: Will my order arrive in one parcel?

A: Not always. Items may ship separately, but you are not charged delivery fees twice.

Q: Is installation included with delivery?

A: No. Delivery covers the parcel only. Installation is available at the Gentech store on request, subject to a fee quoted there.
