1. Introduction and Scope

This Payment, Cancellation and Refunds Policy explains how customers can pay at Gentech, how orders can be cancelled, when refunds are given, how long they take, and what to do if a payment fails, is duplicated, or succeeds without an order being created. Gentech is an online marketplace and shop selling PC components, laptops and accessories in Bangladesh. All prices and payments are in Bangladeshi Taka (BDT).

1.1 Related policies

- **Warranty and Service Policy** - returns, replacements, defective and damaged products.
- **Delivery and Shipping Policy** - delivery fees, failed delivery and parcel damage.

1.2 Prices, VAT and invoices

- Prices on the website are in BDT and include applicable VAT unless the product page says otherwise.
- The price shown on the product page at the time you place the order is the price you pay. Later price changes do not affect confirmed orders.
- Discounts shown on product pages are already applied to the displayed final price. Coupon codes are applied at checkout.
- A VAT invoice is emailed after order confirmation and is available under My Orders. Business customers can request an invoice with company details before dispatch.
- If a product is listed at an obvious pricing error, Gentech may cancel the order and refund every taka paid in full.

2. Key Definitions

Term	Meaning
Order ID	Unique reference of an order, format GT-YYYYMMDD-NNNNN.
Transaction ID	Reference issued by the payment gateway, bank or mobile wallet for each payment attempt.
Prepaid order	An order paid in full online (card, mobile wallet, internet banking or bank transfer) before dispatch.
COD (Cash on Delivery)	Payment made in cash or by mobile wallet to the delivery agent when the parcel arrives.
Payment gateway	The licensed third-party service that securely processes card, wallet and internet banking payments for Gentech.
Original payment method	The same card, wallet account or bank account used to pay; refunds go back here by default.
Store credit	Balance stored in the customer account that can be used for future Gentech orders.
Business day	Saturday to Thursday excluding public holidays.
Dispatch	The moment the parcel is handed to the courier or ready for collection.

3. Accepted Payment Methods

Method	Details	Notes
bKash, Nagad, Rocket, Upay	Pay through the gateway or send money to the Gentech merchant number shown at checkout.	Instant confirmation. Always enter the Order ID as reference when sending money manually.
Credit and debit cards	Visa, Mastercard and American Express, and local debit cards (such as DBBL Nexus), through the secure gateway.	You may be asked for a one-time password (OTP) by your bank.
Internet banking	Supported banks through the gateway.	Confirmation is usually immediate.
Bank transfer	Direct transfer to the Gentech bank account (details shown at checkout or sent by support).	Recommended for corporate or large orders. Send the deposit slip or transaction ID; order is confirmed after the amount is verified (usually within 1 business day).
Cash on delivery (COD)	Cash or mobile wallet to the delivery agent.	Subject to the COD rules in Section 5.
In-store payment	Cash, card or mobile wallet at the Gentech store when picking up an order.	Pickup orders can be paid at the counter.
EMI (instalments)	Bank card EMI for 3, 6 or 12 months with partner banks.	Minimum order BDT 15,000. Subject to bank approval and any bank fees (Section 4).
Store credit and gift balance	Applied at checkout from your Gentech account.	Store credit is valid for 12 months from issue.

> Gentech never asks you for your card PIN, bank password or OTP by phone, SMS or chat. Never share these with anyone, including people claiming to be from Gentech.

4. Online Payment Policy

4.1 How an online order is created

1. Add items to the cart, enter the delivery address and choose a payment method.
2. You are redirected to the payment gateway, wallet app or bank page and complete the payment.
3. The gateway notifies Gentech of the result. An order is created and an Order ID issued only when the payment is confirmed as successful.
4. You receive an email and SMS confirmation. The order then appears in My Orders with status "Confirmed".

4.2 Time limits for pending payments

- Items in your cart are not reserved until you place the order.
- After you click Pay Now, stock is held for 30 minutes. If payment is not completed, the order is cancelled automatically and stock is released.
- For bank transfer orders, stock is held for 24 hours while waiting for the transfer.

4.3 Card and online payment security

- Card details are entered on the gateway's secure page. Gentech does not store full card numbers or PINs.
- Orders that look suspicious may be placed on hold for verification by phone before dispatch.
- If verification cannot be completed within 48 hours, Gentech may cancel the order and refund the payment.

4.4 EMI payments

- Available on selected bank credit cards; minimum order BDT 15,000; tenures 3, 6 and 12 months.
- Bank processing or interest fees are set by the issuing bank and are not controlled by Gentech.
- If an EMI order is cancelled or refunded, the bank reverses the instalment plan. Reversal may take one or two statement cycles; any bank fee already charged follows the bank's own rules.

4.5 Coupons and promotions

- Coupons apply only to the stated products, categories or minimum amounts and cannot be combined unless stated.
- If an order is cancelled before shipment because of a Gentech error, the coupon is restored. If it is cancelled at the customer's request, the coupon is not restored unless it is still valid.
- Refunds are for the amount actually paid; the coupon value is not refunded in cash.

5. Cash on Delivery (COD) Policy

Rule	Detail
Availability	Available in Dhaka and selected districts; unavailable for remote areas (see Delivery and Shipping Policy).
COD limit	Orders up to BDT 50,000 can be fully COD.
Orders above BDT 50,000	A confirmation advance of 20 percent (card, wallet or bank) is required, and the balance can be paid on delivery. Or pay the full amount online.
COD fee	No separate COD fee.
Order confirmation	COD orders are confirmed by phone call or SMS within 2 hours during business hours. Unconfirmed orders may be cancelled after 24 hours.
Paying the delivery agent	Pay the exact total shown on the order. Cash or mobile wallet is accepted; card on delivery is not available.
Refusal at the door	Allowed if the parcel is damaged, wrong, or the item differs from the order. Repeated refusals without valid reason may restrict COD on the account (prepayment required).
Delivery code	For orders of BDT 30,000 or more, a delivery code (OTP) is sent by SMS; give it to the agent only when you accept the parcel.

6. Order Cancellation Rules

6.1 Cancellation by the customer

Order status	Can I cancel?	Cost
Pending or Confirmed (not yet processed)	Yes, from My Orders or by contacting support.	Free. Full refund.
Processing (being packed)	Yes if the parcel has not been handed to the courier. Contact support immediately.	Free if cancelled in time; full refund.
Shipped or out for delivery	Cannot be cancelled in the system. Refuse the parcel at the door or request a return.	COD: no charge for the first refusal. Prepaid: refund of product price minus delivery fees both ways, unless the item is wrong or damaged.

Order status	Can I cancel?	Cost
Delivered	No cancellation. Use returns under the Warranty and Service Policy.	See return rules (change of mind within 3 days if sealed; defects follow warranty rules).
Pre-order or backorder items	Yes, until the item has arrived and been allocated to you.	Free. Full refund.

6.2 Cancellation by Gentech

Gentech may cancel an order for stock shortage, pricing errors, failed verification, suspected fraud, undeliverable address or non-payment within the allowed time. In every such case, any amount paid is refunded in full, including the delivery fee, and the customer is notified by SMS and email.

6.3 How to cancel

1. Open My Orders, select the order and choose "Cancel Order", or call or email support with your Order ID.
2. Choose a reason and confirm. You receive a cancellation confirmation.
3. For prepaid orders, a refund request is created automatically.

7. Refund Eligibility

7.1 When you are eligible for a refund

- Order cancelled before dispatch.
- Item out of stock or order cancelled by Gentech.
- Payment succeeded but the order could not be created or fulfilled.
- Duplicate or excess payment.
- Product returned and approved: damaged on delivery, wrong item, DOA, defective with no replacement available, or sealed change-of-mind return within 3 days.
- Delivery failure where a prepaid order was returned to Gentech (see Section 7.4).

7.2 When refunds are not given

- Change-of-mind return of an opened or used item (opened CPUs, RAM, SSDs are never accepted).
- Products with damage caused after delivery, missing serial numbers, or tampered seals.
- Delivery fees on change-of-mind returns.
- Items outside the return windows stated in the Warranty and Service Policy.
- Bank or gateway charges applied by third parties for reasons outside Gentech's control (for example, currency conversion on foreign cards).

7.3 Refund amount

Case	Refund amount
Cancelled before dispatch	100 percent of amount paid, including delivery fee
Gentech cancels or item unavailable	100 percent of amount paid, including delivery fee
DOA, damaged or wrong item	100 percent of the product price and delivery fee when the refund is chosen or no replacement is possible

Case	Refund amount
Change of mind (sealed, within 3 days)	Product price only. Delivery fee is not refunded. Customer pays return shipping.
Failed delivery returned to Gentech (prepaid)	Product price minus delivery fees (outbound and return)
Duplicate payment	Full amount of the extra payment

7.4 Prepaid orders returned after failed delivery

If a prepaid parcel cannot be delivered after three attempts and is returned to Gentech, Gentech refunds the product price minus the outbound and return delivery fees, or reships the parcel once if the customer pays the delivery fee again.

8. Refund Methods and Timelines

8.1 Refund method

Refunds are made to the original payment method by default. For COD orders, refunds are sent to a mobile wallet (bKash, Nagad, Rocket) or a bank account in the customer's own name, provided at the time of the refund request. Customers can choose store credit instead, and receive a 3 percent bonus on the refunded amount when the refund is due to a product being replaced by credit.

8.2 Expected timelines

Refund destination	Expected time after refund approval
bKash, Nagad, Rocket, Upay	1 to 3 business days
Credit or debit card	7 to 14 business days (depends on the issuing bank)
Internet banking	5 to 7 business days
Bank transfer or bank account (COD refunds)	3 to 5 business days
Store credit	Instant after approval
EMI orders	Reversal by the bank within one or two billing cycles

8.3 Overall refund journey

Step	Timeline
Cancellation or return requested	Day 0
Returned product received and inspected (returns only)	2 to 3 business days after receipt
Refund approved and sent	Within 1 business day after approval
Money reaches your account	As per Section 8.2

> Business days exclude Fridays and public holidays. Banks may take longer around Eid holidays. If a refund has not arrived after the maximum time, contact support with your Order ID and Transaction ID.

9. Failed, Pending and Duplicate Payments

9.1 My payment failed but money was deducted

- A failed payment is usually reversed automatically by the bank or wallet. Reversal can take up to 10 business days for cards.
- Check your SMS and bank statement. If the amount is still deducted after 10 business days, contact your bank first and then Gentech with the Transaction ID.

9.2 My payment succeeded but my order was not created

1. **Wait 30 minutes.** Payments are re-checked automatically with the gateway and the order often appears late. Check My Orders, your email and SMS.
2. **Do not pay again** until you have confirmed the first payment status, to avoid a duplicate charge.
3. **Contact support** by phone, email or the Help form. Provide your name, phone number, payment method, amount, date and time, Transaction ID (or last 4 digits of the card) and a screenshot of the payment confirmation.
4. **Gentech verifies** the payment with the gateway within 1 to 2 business days.
5. **Resolution.** If the payment is verified and the item is in stock, the order is created manually at the original price. If the item is unavailable or you prefer, the money is refunded in full within 5 to 7 business days to the original payment method.

9.3 I paid twice for the same order

- Report the duplicate payment with both Transaction IDs.
- After verification, Gentech refunds the extra amount in full to the original payment method within 5 to 7 business days (cards may take up to 14 business days).
- Alternatively, the extra amount can be used as store credit immediately.

9.4 Payment pending or stuck

If the status shows Pending, the gateway has not confirmed the payment. Wait 30 minutes. If it is still pending, the payment will either succeed (order created) or fail and be reversed automatically. Do not repeat the payment. Contact support if there is no update after 1 business day.

9.5 Bank transfer problems

Send the transaction slip or ID to support with your Order ID. Orders are confirmed after verification, usually within 1 business day. If the transfer is not received within 24 hours, the order is cancelled; any later transfer is refunded.

9.6 Wrong amount paid

- **Underpayment**: the order stays on hold until the balance is paid, or is cancelled and refunded after 24 hours.
- **Overpayment**: the difference is refunded to the original method within 5 to 7 business days, or kept as store credit if you prefer.

10. Required Information for Payment and Refund Requests

Request	What to provide
Missing order after payment	Name, phone, amount, date and time, payment method, Transaction ID, screenshot.
Duplicate payment	Order ID, both Transaction IDs, screenshots.

Request	What to provide
Cancellation	Order ID and reason.
Refund for a COD order	Order ID, wallet number or bank account name, number and bank branch (account must be in the customer's name).
Refund for a return	Claim ticket number, Order ID and confirmation of product received.

11. Contact

Channel	Details
Hotline	+880 1700-000000 (Saturday to Thursday, 10:00 to 20:00 BST)
Email	support@gentech.example
Website and app	My Orders > Help (24/7)

12. Frequently Asked Questions

Payment methods and COD

Q: What payment methods does Gentech accept?

A: bKash, Nagad, Rocket, Upay, Visa, Mastercard, American Express, local debit cards, internet banking, bank transfer, cash on delivery, in-store payment, EMI on selected bank cards, and store credit.

Q: Is cash on delivery available?

A: Yes, for orders up to BDT 50,000 in Dhaka and selected districts. Orders above BDT 50,000 need a 20 percent advance or full prepayment.

Q: Is there an extra charge for cash on delivery?

A: No separate COD fee. Normal delivery fees still apply.

Q: Can I pay by card when the parcel arrives?

A: No. Card payment on delivery is not available. Pay online beforehand or use cash or mobile wallet on delivery.

Q: Do you offer EMI?

A: Yes, 3, 6 and 12 month EMI on selected bank credit cards for orders of at least BDT 15,000. Approval and bank fees depend on your bank.

Q: Are prices inclusive of VAT?

A: Yes, unless the product page says otherwise. A VAT invoice is emailed after confirmation.

Q: What is a delivery code (OTP) on COD orders?

A: For orders of BDT 30,000 or more an OTP is sent by SMS. Give it to the delivery agent only when you accept the parcel.

Q: Can I pay in instalments without a credit card?

A: Not currently. EMI requires a participating bank card.

Q: Can someone else pay for my order?

A: Yes, any person can pay using their own method if the Order ID is quoted. Refunds go to the original payment method.

Payment problems

Q: My payment succeeded, but my order was not created. What should I do?

A: Wait 30 minutes and check My Orders, email and SMS. Do not pay again. If there is still no order, contact support with your Transaction ID, amount, time and screenshot. Gentech verifies within 1 to 2 business days, then either creates the order or refunds you in full within 5 to 7 business days.

Q: Money was deducted but the payment shows failed.

A: It is usually reversed automatically by your bank within up to 10 business days. If not, contact your bank and then Gentech with the Transaction ID.

Q: I paid twice. Will I get the extra money back?

A: Yes. Send both Transaction IDs. The extra amount is refunded within 5 to 7 business days (cards up to 14), or credited instantly as store credit if you choose.

Q: My payment is showing Pending.

A: Wait 30 minutes. It will either complete and create the order or fail and be reversed. Do not retry. Contact support if there is no update after 1 business day.

Q: I sent money via bKash or Nagad manually. How do I confirm it?

A: Send the Transaction ID and Order ID to support. The order is confirmed after verification, usually within 1 business day.

Q: How long does Gentech hold my order if I do not complete payment?

A: 30 minutes after clicking Pay Now. For bank transfer orders, 24 hours.

Q: I paid the wrong amount.

A: If less, the order is held until the balance is paid or cancelled after 24 hours. If more, the difference is refunded within 5 to 7 business days or kept as store credit.

Q: What if the gateway page closed before I finished paying?

A: Check My Orders first. If no order appears and money was not deducted, simply place the order again. If money was deducted, follow the missing-order steps above.

Cancellation and refunds

Q: Can I cancel my order?

A: Yes, free of charge until it is handed to the courier. Use My Orders or contact support. After dispatch you can refuse the parcel at delivery or request a return.

Q: How long does a refund take?

A: After approval: wallets 1 to 3 business days, bank accounts 3 to 5, internet banking 5 to 7, cards 7 to 14. Store credit is instant.

Q: How will I get my refund for a cash-on-delivery order?

A: To a bKash, Nagad or Rocket account or a bank account in your own name. Send the details when you request the refund. Allow 3 to 5 business days.

Q: Will my delivery fee be refunded?

A: Yes if you cancel before dispatch or if the issue is Gentech's fault. No on change-of-mind returns.

Q: When do I get my refund after returning a product?

A: Gentech inspects it within 2 to 3 business days of receipt, then approves and sends the refund within 1 business day. The money then arrives as per the timelines above.

Q: Can I get store credit instead of a refund?

A: Yes. Store credit is instant, valid for 12 months, and carries a 3 percent bonus when it replaces a refund for a replaced product.

Q: Do I get the coupon back if I cancel?

A: Only if the cancellation is due to Gentech's error or the coupon is still valid. The coupon value is never refunded in cash.

Q: What if the item I ordered is out of stock after payment?

A: Gentech cancels the item and refunds the full amount paid, or you may choose an alternative or wait for stock.

Q: I refused a parcel at the door. Will I be refunded?

A: For prepaid orders, yes: product price minus delivery fees both ways, unless the item was wrong or damaged, in which case you receive a full refund. COD orders are simply cancelled.

Q: My refund has not arrived after the stated time.

A: Contact support with your Order ID and Transaction ID. For cards, also check with your bank, because posting times vary.

Q: What is the refund policy for a defective graphics card?

A: Within 7 days (DOA) you get a replacement, or a full refund if none is available. After 7 days it follows the warranty process. Refunds are issued to the original payment method.

Q: Can I change the payment method after placing an order?

A: Not once the order is confirmed. You may cancel and re-order if it has not been dispatched.

Q: Is the EMI plan cancelled when I cancel the order?

A: Yes, the bank reverses the plan, which may take one or two billing cycles.
